Employment in Tillamook County: October 2021

Seasonally adjusted employment dropped by 50 in October

Seasonally adjusted nonfarm payroll employment decreased by 50 in October to 9,320 jobs. Seasonally adjusted figures compare expected changes with actual changes. Employment was expected to fall by 130 jobs, but the county lost 180 jobs. The private sector shed 190 jobs, and government employment rose by 10. Leisure and hospitality cut 140 jobs. Retail trade trimmed 30 jobs. Local government education added 30 jobs. Other industries had smaller changes.

October's total nonfarm employment numbers show a gain of 390 jobs compared with one year before, an increase of 4.3%. The county lost 1,370 jobs in April 2020 as the pandemic hit, and it remains 220 jobs below its pre-pandemic employment of October 2019. Nearly every major industry gained jobs over the past year. Leisure and hospitality regained 160 jobs. Manufacturing added back 40 jobs. Local government education regained 50 jobs over the year.

Tillamook County's seasonally adjusted unemployment rate was 4.8% in October, essentially unchanged from 5.2% in September. It was 6.9% the year before. The statewide unemployment rate was 4.4% in October, and the national rate was 4.6%.

Next Press Releases

The Oregon Employment Department plans to release the November county and metropolitan area unemployment rates on Tuesday, Dec. 21, and the statewide unemployment rate and employment survey data for November on Tuesday, Dec. 14.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.
Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.
Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

Wheeler	2.8	2.9	4.4
Yamhill	4.1	4.4	6.0

(1) Seasonally adjusted rates for the United States and Oregon are official Bureau of Labor Statistics (BLS) series. Source of Metro data is BLS and LAUS. Source of county data is OED.

(2) Portland-Vancouver-Hillsboro MSA includes Clackamas, Columbia, Multnomah, Washington, and Yamhill counties in Oregon and Clark and Skamania counties in Washington.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
