Employment in Lincoln County: January 2025

Seasonally adjusted employment increased by 60 jobs in January

Seasonally adjusted nonfarm payroll employment increased by 60 in January to 18,860 jobs. Seasonally adjusted figures compare expected changes with actual changes. A loss of 300 jobs was expected for the month. The county's total nonfarm employment actually decreased by 240, with a loss of 240 jobs in the private sector, and government employment unchanged. Leisure and hospitality lost 130 jobs. Trade, transportation, and utilities lost 60 jobs. Government employment was little changed.

January's total nonfarm employment numbers were up by 70 jobs over the year, an increase of 0.3%. The largest gains occurred in professional and business services which rose by 160 jobs over the year in January. Manufacturing lost 180 jobs. Leisure and hospitality shed 80 jobs over the year. Local government, including tribal and education, added 110 jobs.

Lincoln County's seasonally adjusted unemployment rate was 4.9% in January, up from 4.8% in December. It edged up from 4.4% the year before. The statewide unemployment rate was 4.4% in January, and the national rate was 4.0%.

Next News Releases

The Oregon Employment Department plans to release the February county and metropolitan area unemployment rates and employment survey data on Tuesday, April 1, and the statewide unemployment rate and employment survey data for February on Wednesday, March 26.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence. Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants. Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

Yamhill	4.1	3.9	3.8

(1) Seasonally adjusted rates for the United States and Oregon are official Bureau of Labor Statistics (BLS) series. Source of Metro data is BLS and LAUS. Source of county data is OED.

(2) Portland-Vancouver-Hillsboro MSA includes Clackamas, Columbia, Multnomah, Washington, and Yamhill counties in Oregon and Clark and Skamania counties in Washington.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
